# HWLC E-News January 2018

## HeadWaters Quadranscentennial

This year marks HeadWaters 25<sup>th</sup> anniversary. That means 25 years of protecting land and fostering appreciation for nature in Northeast Michigan!

In that 25 years we have protected 83 conservation easements and 6 nature preserves. That is over 10,000 acres of protected land (the equivalent of 10,000 football fields!) and 32 miles of protected shoreline. Our hope is to continue protecting land in Northeast Michigan for decades to come!

We want to thank everyone who has been a partner in conservation, saving habitat for bears and bobcats and tiny little

brown creepers. You make all of our work possible.

Please be on the lookout for upcoming events or opportunities to make a difference and help to protect our "Up North".
