HWLC E-News April 2018

Volunteer Land Stewards Needed!

Do you enjoy walking through the woods? Do you want to learn more about land conservation? Consider joining our team as a Volunteer Land Steward!

In order to fulfill our commitment to protecting land in perpetuity, HWLC must visit each conservation easement or nature preserve property at least once a year to ensure its natural resource values are intact. With 83 conservation easements and 6 nature preserves totaling over 10,000 acres of land and 32 miles of shoreline, HWLC relies on a dedicated team of volunteers to make sure every property is monitored annually.

Volunteer Land Stewards must be able to walk 1/2 mile on uneven terrain and appreciate northeast Michigan's scenic places. Basic

navigation skills and knowledge of plants and animals are helpful but not required. After completing training, Volunteer Land Stewards independently complete an on-the-ground inspection of a property and prepare a report for HWLC staff.

For more information or to sign up for a Volunteer Land Steward training session, please contact Land Protection Specialist Libby Gunderson at LGunderson@headwatersconservancy.org or call the HWLC office at 989-731-0573.

2018 Schedule of Events
