EVENTS-HAPPENINGS-NEWS-THINGS TO SHARE

Donate today to protect northeast Michigan tomorrow

While we work to protect more land, we have also educated and engaged hundreds of young minds and old souls. We've taken animal pelts to the elderly and disabled, allowing them a hands-on experience that inevitably brings joy. We've watched schoolkids' eyes light up as we help them strap on their first pair of snowshoes to walk with us through the winter woods. We flexed our muscles beside volunteers who gave selflessly, helping to build a boardwalk for those less able, but just as deserving of a view of the Sturgeon River. And we've planted native grasses, wildflowers and cedars, ensuring a more beautiful

and healthy environment. These are just a few of the reasons why it is so important to protect our "Up North"
